Bridgefield Home Security.

At Bridgefield, we value our community and want each resident to feel safe at all times, day or night. Discreet community surveillance cars will ensure Bridgefield's streets remain secure leaving residents free to enjoy a friendly neighbourhood environment. Monitored CCTV cameras with car license plate recognition will be installed at key locations throughout Bridgefield to ensure safety on the roads at all times. Additional options will also be available for enhanced security features to suit each individual resident and their Bridgefield home's needs.

Hillside Security.

Hillside Security has been providing a wide range of security solutions for the public and private sector since 1999. At Bridgefield, Hillside Security has arranged a comprehensive electronic security package to ensure that your home remains safe and secure whether you're home or away.

The package features the following for supply and installation:

- 1 x Hills Security Alarm System
- 4 x PIR Motion Detectors
- 1 x Internal & External Siren with slim line strobe light
- 1 x fixed wire Panic Button
- 1 x Audio Intercom System

Each Hillside Security package comes complete with an 18 month manufacturers warranty on all security alarm and intercom systems, and a 6 month warranty on all labour.

Installation.

In order for your complete Hillside Security system package to be installed, follow the steps below:

1. If you require any additional services and monitoring of your Panic & Alarm System via A1 grade - 24/7 Monitoring Centre, communicate with Hillside Security (ph. 1800 445 574) at your earliest convenience.
2. Provide written notice to: admin@hillsidesecurity.com.au upon completion of pouring the slab.
3. Advise your builder that Hillside Security will require access to your property;
 - In order to run wiring and cabling and any other works prior to plastering
 - Again, at fit off to complete the security installation
4. Once the security system is installed, you as the home owner are wholly responsible for any repair, maintenance and monitoring requirements.
