at Point Cook

Your life the way you've always wanted

Life doesn't get much better than living right in the heart of Point Cook, perfectly positioned to make the most of the lifestyle opportunities, shopping and dining experiences and natural surrounds this lively location has to offer.

Cleverly designed around a series of interconnected parks, conservation reserves and stunning wetlands, Life, Point Cook is your place to play and live life to its fullest.

We're building a neighbourhood that has everything you could ask for, making you feel at home by the coast. Big enough to create a community, small enough to know your neighbour. Life, Point Cook is that kind of place.

The Hunts

"We definitely try to get the kids out and about most weekends. We like the coastal park, we go out there quite a bit. There are a few parks that we visit."

Your life close to nature

Seamlessly connected with the local environment, Life, Point Cook includes 9.9 hectares of parks, wetlands, open reserves and conservation areas, giving you plenty of space to relax and mingle with neighbours or watch your kids make new friends.

The huge protected reserve gives everyone a place to throw down a rug for a picnic, or take a stroll beside the wetlands along walking tracks. What better way to teach your children about nature and their environment?

All of these special spaces are further enhanced with paths and linkages that connect you to the surrounding Point Cook landscapes and amenities.

The Noguehis

"We're close to a park, it's beautiful because we have a lake with ducks. Lots of families go there and we all get to know each other, our children have become friends."

Your life surrounded by fun

We all know getting our children active is important, so we have designed our Leapfrog Park around exercise that's fun. The giant frog welcomes kids to climb all over him, inside and out – he'll be surrounded by slides, tadpole rockers, fun steppers, tunnels to explore, clamber rocks, climbing ropes, a basket swing and trampolines. An exciting amphibious world awaits!

Leapfrog Park will also be the perfect spot for family weekends, with a shelter and a kick about area for a game of footy and pieces of public art to give this socially active space true character.

Healthy body, healthy mind – at Life, Point Cook the difference is real growth.
