PROFESSIONALLY COORDINATED COLOURS

Australasian Homes' design & planning professionals take great care of your homes' appearance.

Experienced decorators carefully select your new homes colours using popular neutral tones to avoid extraordinary colour schemes that may date quickly and detract from the value of your home. This service is standard for all home purchasers to obtain the right look with minimal fuss.

Property investment purchasers acknowledge that they provide irrevocable authority to the Builders' trained decorators to determine the new home's internal and external colour scheme on their behalf at no additional cost.

LANDSCAPING

Australasian Homes will lay turf prior to Practical Completion and will be responsible for watering turf up to one week after Practical Completion. After that, watering will be the sole responsibility of the purchaser.

Turf has a tendency to temporarily 'die off' in places before striking permanent root, this is not due to faulty product.

The turf should be thoroughly soaked for the first couple of weeks. During hot weather frequent, light watering is suggested until the turf has rooted down.

ADDITIONAL TERMS

Unless otherwise specified, the work shall be constructed in accordance with the Building Act 1975 (as amended) Australian Domestic Construction Manual and where appropriate the AS 1684 SAA Timber Framing Code.

The builder reserves the right to replace any item unavailable at the time of construction with an equivalent product.

Plans may vary slightly subject to council, covenant and engineering requirements.
