We have taken care to ensure that these plans have been prepared from all currently available information. However, allotment dimensions, easements and public utility service infrastructure locations could change before final approval is given by the Local and State government authorities. The purchaser should therefore make his or her own enquiries before entering into any contract. The measurements of each block indicate block boundary lengths and widths and are rounded down to the nearest tenth of a metre. This information was produced by Lendlease Communities (Pine Valley) Pty Limited ABN 94 622 600 186 and is current as at June 2024.
