STAGE 3 - SIGNATURE RELEASE

An inspiring new heart for the community, our Landmark Park brings connection, culture, and wellbeing to life. Thoughtfully designed, the park offers family-friendly gathering spaces, active recreation areas, and beautifully landscaped grounds that honour the land's heritage through Connecting with Country principles. Every detail has been considered to create an inclusive, welcoming space for residents of all ages.

Seamlessly linked to nearby schools, transport, and cycle networks, our Landmark Park is part of an emerging network of open spaces and shared pathways. More than just a park, it is a destination that enriches daily life, strengthens community pride, and elevates the desirability of homes within and around the neighbourhood – a place people want to visit, live near, and be part of for years to come.

01

WESTERN SYDNEY INTERNATIONAL AIRPORT

International gateway connecting Western Sydney to the world in 2026.

02

FUTURE WESTERN SYDNEY AEROTROPOLIS
